

## SUBJECT INDEX

ADDQOL, the Malay version	398	Canine parasitic zoonoses	247
Adenosine deaminase, diagnostic utility	363	<i>Capillaria hepatica</i> infection, Thailand	636
<i>Aedes aegypti</i> (L.), efficacy of two diflubenzuron formulations	269	Cercariae from freshwater snails, morphology study	302
<i>Aedes aegypti</i> immatures, seasonal prevalence, India	442	Chitin synthesis inhibitor larvicide, field evaluation	434
<i>Aedes aegypti</i> , larvicidal efficacy of temephos new formulations	641	Chronic diseases, awareness in a developing community	576
<i>Aedes aegypti</i> , survey of dengue viral infection	448	<i>Chrysomya megacephala</i> , bacteria carriers	38
<i>Aedes albopictus</i> , survey of dengue viral infection	448	Cockroaches, repellent activity of essential oils	663
<i>Aeromonas hydrophila</i> , genetic variations	721	Coconut water, sodium-enriched, rehydration	769
<i>Aeromonas hydrophila</i> , tiger bite infection	867	Concanamycin A, interactions with DDAA and hematin	979
Alcohol consumption, associated factors	146	<i>Corbicula moltkiana</i> Prime, <i>V. parahaemolyticus</i> isolated from	349
Alcohol drinkers and non-drinkers, sexual behaviors	152	Cypermethrin, combination with pyrethroid and <i>Solanum xanthocarpum</i> , efficacy against <i>An. stephensi</i>	256
Allergic vasculitis, cutaneous	808	Cystic echinococcosis, serological detection in one family	796
<i>Allium sativum</i> , antimicrobial effects on diarrheagenic organisms	343	Cysticercosis, solitary soft tissue cases	420
Altered states of consciousness, non-traumatic, IHSS vs GCS	1126	Cytokine production, <i>M. tuberculosis</i> patients	370
Angiostrongyliasis, eosinophilic meningitis associated	24	Dengue fever, Myalgia cruris epidemica	1084
<i>Anopheles stephensi</i> , efficacy of <i>Solanum xanthocarpum</i> extracts combination with pyrethroid and cypermethrin	256	Dengue hemorrhagic fever, association of incidence and land surface temperature	427
Antenatal care procedures and information	927	Dengue vectors, seasonality and insecticide susceptibility, Sri Lanka	276
Antimalarial interactions, dihydroartemisinin and fosmidomycin	791	Densovirus, new isolate from <i>Tx. splendens</i> (Wiedemann)	283
Antioxidant levels, evaluation in pulmonary tuberculosis	695	Dermal leishmaniasis, rK39 for diagnosis	619
Antiplasmodial 3,6-diamino-1'-dimethyl-9-anilinoacridine	979	Diflubenzuron, efficacy of two formulations against <i>Ae. aegypti</i> larvae	269
Artemisinin-piperazine fix combinations, dose ranging	971	Dihydroartemisinin, antimalarial interactions with fosmidomycin	791
Ascariasis, biliary	631	Domestic violence, prevalence during pregnancy	754
Ascorbic acid, plasma and aqueous humor	582	Ductal carcinoma of the breast, survivin bcl-2 and p53 expression	904
Asian influenza A (H2N2), household and community transmission	1075	Ear examination and hearing screening, nurses training	188
Avian influenza protection, knowledge, awareness, and behaviors	560	Elderly, social support	936
<i>Bacillus thuringiensis israelensis</i> , VectoBac® WG and DT, formulations, efficacy against dengue mosquito vectors	261	<i>Enterobius vermicularis</i> , relationship with acute appendicitis	20
Beriberi outbreak, Thailand 2005	130	Epilepsy, risk factors, Lao PDR	537
<i>Blastocystis hominis</i> , analysis of PCR-amplified DNA	991	<i>Erysipelothrix rhusiopathiae</i> , invasive	478
$\beta$ -lactamases, CTX-M extended spectrum	493	<i>Escherichia coli</i> O157, detection in diarrheal stools	871
$\beta$ -thalassemia/HbE erythroid progenitor cell, role of IL-3	897	<i>Escherichia coli</i> O157: H7 vt and <i>rfbO</i> <sub>157'</sub> , detection by multiplex polymerase chain reaction	82
<i>cagA</i> genotypes	356	<i>Escherichia coli</i> , quinolone resistance, <i>gyrA</i> mutations	1095
<i>Campylobacter coli</i> , mechanism of macrolide resistance	501	Falciparum malaria, acute uncomplicated, dose ranging studies of new combinations	971
<i>Campylobacter jejuni</i> , mechanism of macrolide resistance	501	Falciparum malaria, mefloquine with dihydroartemisinin regimens	205
<i>Campylobacter</i> , detection in duck	728	Friedewald formula, study of LDL-cholesterol levels	519
<i>Candida albicans</i> , new mechanical method for whole cell disruption	512	Garlic, antimicrobial effects on diarrheagenic organisms	343

SUBJECT INDEX

Glasgow Coma Scale vs IHSS	1126	Influenza vaccination, effectiveness in influenza-like illness prevention	841
Greater Mekong Region, STI services delivering	328	<i>InhA</i> , isoniazid-resistant <i>M. tuberculosis</i>	376
<i>Haemophilus influenzae</i> , antimicrobial susceptibility and $\beta$ -lactamase production	732	In House Scoring System Scale vs GCS	1126
Health benefits, hard-to-reach populations, Japan	325	Intussusception, in a private hospital, Bangkok	339
Health benefits, patients in 'Green Prescription' primary health care program	1158	Kala-azar, pediatric	626
Health risk assessment, lead mining villagers	168	<i>katG</i> , isoniazid-resistant <i>M. tuberculosis</i>	376
Hearing screening, training of nurses	188	Kato thick smear, modified, sarcocystosis detection	232
<i>Helicobacter pylori</i> identification, methylene blue staining	78	Land mine victim, socioeconomic considerations	913
<i>Helicobacter pylori cagA</i> , <i>vacA</i> and <i>iceA</i> genotypes, Thai patients	356	LDL-cholesterol levels, comparative study of two methods	519
<i>Helicobacter pylori</i> infection, smoking and ethnicity	1102	Leishmaniasis, autochthonous visceral	8
<i>Helicobacter pylori VacA</i> gene, detection in carcinoma specimens	881	Leishmaniasis, post kala-azar dermal diagnosis, rK39	619
Hematin, interactions with DDAA and concanamycin A	979	Leprosy transmission, analysis of <i>M. leprae</i> tandem repeats	714
Hemoglobin AC heterozygote status, decision on identification methods	543	<i>Leptospira</i> spp, identification by pulsed field gel-electrophoresis	97
Hemoglobin electrophoresis, identification of hemoglobin AC	543	<i>Leptospira</i> , comparison of methods for antibody detection	1111
Hepatitis B and C, seroprevalence among Lao blood donors	674	Lipid peroxidation product, evaluation in pulmonary tuberculosis patients	695
Hepatitis B vaccination, immune response in HIV-1 patients	680	Lipid profiles, HIV infected patients	69
Hepatitis B virus infection, Malaysian blood donors	1070	Lymphadenitis, tuberculous, high mast cell density	115
Hepatitis B virus sero-markers, risk behaviors	45	Malaria control project, evaluation by villagers, Indonesia	213
Hepatitis C virus antibody, risk behaviors	45	Malaria prevention and control, empowerment of women's ability	546
Herbal medicines, the use during pregnancy	1150	Malaria workers and clinical malaria patients, interactions	959
Herpetic meibomianitis	466	Malnutrition and infectious disease morbidity, childhood	120
High performance liquid chromatography, hemoglobin AC identification	543	Mefloquine with dihydroartemisinin, pharmacokinetics	205
HIV clinical disease stage, opportunistic infections	62	Methylene blue staining, identification of <i>H. pylori</i>	78
HIV communication, husbands and wives	313	Microscopic agglutination test, identification of <i>Leptospira</i> spp	97
HIV infection, sexual behavior among pregnant hilltribe women	1061	Molluscum contagiosum subtype 1, treatment efficacy	849
HIV/AIDS in China, improved surveillance	1041	Mollusks, freshwater, in eleven provinces of Thailand	294
HIV/AIDS, forecasting demographic time series counts	1029	Multiplex polymerase chain reaction, detection of <i>E. coli</i> O157: H7 vt and <i>rfb</i> <sub>0157</sub>	82
HIV-1 circulating strains, subtype and genetic variation	814	<i>Musca domestica</i> and <i>Chrysomya megacephala</i> , bacterial carriers	38
HIV-infected children, antiretroviral adherence	828	Mutants streptococci, plaque pH response	598
HIV-infected patient, multiple <i>M. tuberculosis</i> infections	704	Myalgia cruris epidemica, presentation of dengue fever	1084
HIV-infected patients, antiretroviral therapy with tuberculosis	1053	<i>Mycobacterium africanum</i> subtype I, characterization by spoligotyping	706
HIV-infected patients, lipid profiles	69	<i>Mycobacterium leprae</i> , typing and analysis of transmission	714
HIV-infected patients, sexual behaviors during therapy	455	<i>Mycobacterium tuberculosis</i> and non-tuberculous mycobacteria, differentiation	111
Human cytomegalovirus (HCMV), prevalence of gB genotypes	835	<i>Mycobacterium tuberculosis</i> infected patients, cytokine production	370
Human immunodeficiency virus (HIV), cryptococcal meningitis related, Thailand	58	<i>Mycobacterium tuberculosis</i> isolates, multiple mutations in <i>katG</i> and <i>inhA</i>	376
Hypertension, incidence among a select Nigerian population	947	<i>Mycobacterium tuberculosis</i> , multiple infections, HIV-infected patient	704
<i>IceA</i> genotypes	356		
IMCI training, Lao PDR	178		
Influenza B viruses, household and community transmission	1075		

Nasopharyngeal carcinoma, undifferentiated	136	Sarcocystosis field surveys, detection by Kato thick smear	232
Neoplastic cell proliferation, nasopharyngeal carcinoma	136	<i>Schistosoma haematobium</i> , urinary tract pathology	32
Nitrite, evaluation in pulmonary tuberculosis patients	695	Schistosomiasis, meeting report	406
Non-tuberculous mycobacteria and <i>M. tuberculosis</i> differentiation	111	Schistosomiasis, visceral, domestic ruminants	1008
Non-tuberculous patients, diagnostic utility of ADA	363	Scrub typhus, analysis of outbreak strain	482
Novaluron, field evaluation	434	Semen characteristics, impacts of pesticide use	569
Nulliparous young adolescents, obstetric outcomes	141	Serum immunoglobulin, abnormal levels in chronic diarrhea	424
Opportunistic infections and HIV, Cambodia	62	Sexual behaviors, alcohol drinkers and non-drinkers	152
Orang Asli (aborigine), parasitic infections	415	Sexually transmitted diseases, quality of care, Pakistan	737
<i>Orientia tsutsugamushi</i> , analysis of the epidemic strains	482	<i>Shigella</i> serotypes, changing patterns of antimicrobial susceptibility	863
<i>Orientia tsutsugamushi</i> , factors affecting <i>in vitro</i> isolation	91	Social support, elderly in Thailand	936
Otomycosis, comparison of two treatment regimens	749	Soil-transmitted helminthiasis, Malaysian communities	998
<i>P. vivax</i> infection, concurrent salmonella bacteremia	616	<i>Solanum xanthocarpum</i> extracts, efficacy against <i>An. stephensi</i>	256
P53 overexpression in nasopharyngeal carcinoma	136	<i>Solenopsis geminata</i> envenomation	808
Paraoxonase 1 polymorphism, ethnic variation	392	Spoligotyping, characterization of <i>M. africanum</i> subtype I	706
Paton-Valentine leukocidin positive <i>S. aureus</i> , HIV-infected patient	690	<i>Staphylococcus aureus</i> necrotizing pneumonia, a fatal case	690
PCR, real-time, ante-mortem diagnosis of rabies	53	STI services, program issues in delivering, Greater Mekong Region	328
Periodontitis, maternal, increased risk of preterm birth	586	<i>Streptococcus pneumoniae</i> , serotypes and antimicrobial susceptibilities	469
Pesticide use, impacts on semen characteristics	569	Systemic lupus erythematosus, community-acquired pneumonia	528
Phlebotomine sandflies, seasonal variation	1011	Thiamine status, children with diarrhea	1120
<i>Phyllanthus niruri</i> L., antiplasmodial activity and cytotoxicity	609	Thiaridae, trematode infections	1016
Plague, human, outbreak in China	1115	Tobacco smoking, effects on alpha-2-macroglobulin	918
<i>Plasmodium vivax</i> , merozoite surface protein-1	1	Torquetenovirus infection, Thai blood donors	686
<i>Pneumocystis jirovecii</i> DNA, detection in gastric wash	892	Toxocarasis, epidemiology and risk factors	983
Post kala-azar dermal leishmaniasis, rK39 for diagnosis	619	Toxoplasmosis in mice, immunohistochemical study	223
Primary health care program, patient benefits	1158	<i>Toxorhynchites splendens</i> (Wiedemann) new densovirus isolate	283
Protozoal infestation profile, diarrheal children, Nepal	13	<i>Toxorhynchites splendens</i> Wiedemann, predatory efficiency	799
Pulmonary tuberculosis patients, drug resistant, Myanmar	104	Tradition Bhutanese medicine	161
Pulmonary tuberculosis patients, MDA, nitrite and antioxidant levels	695	Trematode infections, snail family Thiaridae	1016
Pulsed field gel - electrophoresis, identification of <i>Leptospira</i> spp	97	Triclosan dentifrice, clinical results in pregnant women	594
<i>Pythium insidiosum</i> , DNA typing and phylogeny	383	Tsunami, South Asia, intertidal snail-trematode communities	658
<i>qacE/qacEA1</i> genes, occurrence and correlation with class 1 integrons in <i>S. enterica</i>	855	Tuberculosis immunocompetent patient, diagnostic delay	507
Rabies ante-mortem, diagnosis by real-time PCR	53	Tuberculosis, pulmonary	
Road accident head-injured patients, quality of life	761	Tuberculous patients, diagnostic utility of ADA	363
<i>Roseomonas gilardii</i> subsp <i>rosea</i> , bacteremia associated	886	Typhoid fever, plasma D-dimer levels	911
<i>Salmonella enterica</i> , occurrence of <i>qacE/qacEA1</i> genes	855	<i>VacA</i> genotype	356
<i>Salmonella</i> , nontyphoidal, serovar distribution, antimicrobial susceptibility	1088	Vector mosquitoes, ecology, Sri Lanka	646
<i>Salmonella typhi</i> , antimicrobial susceptibility and phage types	487	<i>Vibrio parahaemolyticus</i> , detection of <i>tdh</i> and <i>trh</i> genes	349
		Visceral schistosomiasis, domestic ruminants	1008
		Weekly epidemiological record, Japanese edition	1141
