
Walailak Journal of Science and Technology

Volume 3, Number 1 (2006)

CONTENTS

Editorial	i
Author index	ii
Minireview	
• Basic Principles of Growing Single-Crystalline Diamond Films (<i>S Dejmanee</i>)	1
Original articles	
• Drying Characteristics of <i>Garcinia atroviridis</i> (<i>W Rittirut and C Siripatana</i>)	13
• <i>In Vitro</i> Germplasm Conservation of <i>Garcinia mangostana</i> L. and <i>Lansium domesticum</i> Corr. (<i>W Keatmetha, P Suksa-ard, M Mekanawakul and S Te-Chato</i>)	33
• Study of Environmental Impacts Before and After Using the Organic-Chemical Fertilizer in Rice Paddy Fields (<i>W Khamwichit, W Sanongraj and S Sanongraj</i>)	51
• Unexpected Formation of a Disulfide from 2-Mercaptopyridine and Co(II). (<i>P Harding, DJ Harding and C Pakawatchai</i>)	69
• Effects of Polymer Impregnation on Properties of Bamboo (<i>W Preechatiwong, P Malanit, B Kyokong and N Kamlangdee</i>)	79
• Land Use Changes in Pak Phanang Bay using Arial Photographs and Geographic Information System (<i>P Prabnarong and S Thongkao</i>)	93
• Application of 2-D Vertically Averaged Boundary-Fitted Coordinate Model of Tidal Circulation in Thale Sap Songkhla, Thailand (<i>S Pornpinatepong, H Tanaka and M Takasaki</i>)	105
• Simulation of Water Droplet on Horizontally Smooth Surface Using Quasi-Molecular Modelling (<i>S Kulsri, S Danworaphong, M Jaroensutasinee and K Jaroensutasinee</i>)	119
