Authors Index	i
Original Articles	
• Testing the Framework Species Method for Forest Restoration in Chiang Mai, Northern Thailand (Prasit Wangpakattanawong and Stephen Elliott)	1
• Zingiberaceae Diversity in Khao Nan and Khao Luang National Parks, Nakhon Si Thammarat, Thailand (Napat Kittipanangkul and Chatchai Ngamriabsakul)	17
• Efficacy of Antifungal Metabolites of <i>Bacillus</i> spp. for Controlling Tomato Damping-off Caused by <i>Pythium aphanidermatum</i> (Warin Intana, Prakong Yenjit, Taksin Suwanno, Supalak Sattasakulchai, Manoon Suwanno and Chiradej Chamswarn)	29
• Screening, Identification and Antibacterial Activities of Effective Thermotolerant <i>Bacillus</i> spp. Strains Isolated from Raw Milk (Kannikar Santong, Sumeth Naorungrote, Phuwadol Bangrak, Warangkana Chunglok and Monthon Lertcanawanichakul)	39
• Anti-Methicillin Resistant <i>Staphylococcus aureus</i> Activity of <i>Brevibacillus laterosporus</i> Strain SA14 (Apinya Choopan, Krisanawan Nakbud, Kung Dawveerakul, Kittisak Chawawisit and Monthon Lertcanawanichakul)	47
• Decreased Glutathione Peroxidase Activities with Concomitant Increased Oxidized Glutathione Levels among Residents in an Arsenic Contaminated Community of Southern Thailand (Warangkana Chunglok)	57
• Water Swollen Natural Rubber (Sureurg Khongtong and Narong Fungchonlajit)	67
• Drying Strategy of Shrimp using Hot Air Convection and Hybrid Infrared Radiation/Hot Air Convection (Supawan Tirawanichakul, Walangkana Naphatthalung and Yutthana Tirawanichakul)	77
• A Demonstration of Underwater Bubble Capture by the Fundamental Acoustic Mode in Spherical Geometry (Umaporn Kontharak and Sorasak Danworaphong)	101
• Utilization of a Self Organizing Map as a Tool to Study and Predict the Success of Engineering Students at Walailak University (Wattanapong Kurdthongmee)	111
